### [Where should we build new homes?](#)

RTPI policy statement on identifying new housing development opportunities. It supports our [16 ways to address the housing crisis](#) campaign. **#RTPI16Ways**

### [Location of Development](#)

Analyses the location and scale of recent planning permissions for housing in twelve English city-regions. Examines the understanding of the changing relationships between housing, jobs and infrastructure.

### [Better Planning: Housing affordability](#)

Major research project on the role of planning in delivering housing affordability.

### [Process for developing robust housing evidence for local development plans in Wales](#)

Examines how much flexibility there is to interpret household projections.

### [Why we need Garden Villages](#)

Their benefits and how they can be realised by Matthew Taylor (Lord Taylor of Goss Moor). See more [blogs](#).

### [Building in the Greenbelt](#)

Building one million homes around railway stations in the Metropolitan green belt could result in between 3.96 and 7.45 million additional car journeys per week.

### [Delivering large scale housing](#)

How new homes can be built in the places where they are most needed by unlocking existing large scale housing schemes and potential sites across England and Scotland.

### [Planning for housing](#)

Includes a [tool](#) to find out how the household projections for English LA's have changed between the 2008 and 2011 projections. Explores key factors and how they can be used.

### [Future-proofing society](#)

The role of planning in responding to the challenges of demographic and climate change.

### [RTPI Awards for Planning Excellence](#)

Showcases the very best in excellence for planning to deliver housing. Plymouth City Council's, Plan for Homes won the 2016 award.

### [RTPI-CIH Planning for Housing Network](#)

Join our free Network and help develop policy, knowledge and good practice for the RTPI and the Chartered Institute of Housing.

### [RTPI events](#)

Browse our calendar for housing events.

### [Join the RTPI](#)

Being a member of the RTPI makes you part of a community at the forefront of planning. Our members actively influence thinking on spatial planning through participating in debates, undertaking research, developing good practice and responding to government consultations. You will also access a huge range of member benefits.
